COMPLETE FULL WORKSHEET ANSWER KEY (All Questions 1 to 11)

CHAPTER 1: NATURAL & MAN-MADE THINGS

Chapter 1: Natural & Man-Made Objects

Worksheet Page 4

Question 1 • Circle the Natural Things!

Draw a CIRCLE around every picture that is a NATURAL object:

Rose (🌹) **[CIRCLE]**	Bag (👜) *[Do not circle]*	Onion (🧅) **[CIRCLE]**	Truck (🚚) *[Do not circle]*
Football (⚽) *[Do not circle]*	Grass (🌿) **[CIRCLE]**	Chess Board (♟️) *[Do not circle]*	River (🏞️) **[CIRCLE]**

• **Natural items to circle:** Rose, Onion, Grass, River.

Question 2 • Write 'M' for Machines!

Write 'M' in the box under each item that is a MACHINE:

Train (🚂) **[M]**	Jug of Water (🫗) *[ ]*	Toaster (🍞) **[M]**	Clock (🕐) **[M]**
Horse (🐴) *[ ]*	Jackfruit (🍈) *[ ]*	Spoon (🥄) *[ ]*	Microwave (📦) **[M]**

• **Machines marked with M:** Train, Toaster, Clock, Microwave.

Question 3 • Sort It Out!

Word Bank: River • Computer • Whale • Chair • Mango • Bicycle

Natural Things	Man-Made Things
• **River** • **Whale** • **Mango**	• **Computer** • **Chair** • **Bicycle**

Chapter 1: Types of Machines & Review

Worksheet Page 5

Question 4 • True or False! (T / F)

1. [T] Trees and rivers are natural things. *(True)*
2. [T] A machine can do specific tasks using power. *(True)*
3. [F] A bicycle is an example of a natural thing. *(False – It is man-made)*
4. [T] A car is a moving machine. *(True)*
5. [T] A fan stays in one place but its blades move. *(True)*

Question 5 • What Type of Machine?

Write Moving, Fixed, or Fixed with Moving Parts for each machine:

1. Airplane (✈️) → **Moving Machine**
2. Fan (🌀) → **Fixed with Moving Parts**
3. Desktop Computer (🖥️) → **Fixed Machine**
4. Train (🚂) → **Moving Machine**
5. Wall Clock (🕐) → **Fixed with Moving Parts**
6. Rocket (🚀) → **Moving Machine**

Question 6 • Fill in the Blanks!

Word Bank: power • Nature • machines • man-made

1. Natural things come directly from **Nature**.
2. Objects made by humans are called **man-made** things.
3. A machine does specific tasks using **power**.
4. Cars, trains, and fans are examples of **machines**.

CHAPTER 2: TYPES OF MACHINES (FIXED • MOVING • FIXED WITH MOVING PARTS)

Chapter 2: Machine Classifications

Worksheet Page 7

Question 7 • Match the Machine to its Type!

Machine	Correct Machine Type
Train (🚂)	→ **Moving Machine**
Fan (🌀)	→ **Fixed with Moving Parts**
Television (📺)	→ **Fixed Machine**
Airplane (✈️)	→ **Moving Machine**
Mixer (🍥)	→ **Fixed with Moving Parts**
Desktop Computer (🖥️)	→ **Fixed Machine**

Question 8 • Write the Type of Each Machine!

Write Fixed, Moving, or Fixed with Moving Parts:

1. Bike (🚲) → **Moving Machine**
2. Sewing Machine (🪡) → **Fixed with Moving Parts**
3. Car (🚗) → **Moving Machine**
4. Television (📺) → **Fixed Machine**
5. Rocket (🚀) → **Moving Machine**
6. Wall Clock (🕐) → **Fixed with Moving Parts**

Question 9 • True or False — Chapter 2! (T / F)

1. [**T**] Fixed machines remain in the same place. *(True)*
2. [**F**] A car is a fixed machine. *(False – It is a moving machine)*
3. [**T**] A fan stays in one place but its blades move. *(True)*
4. [**T**] An airplane is a moving machine. *(True)*
5. [**F**] A sewing machine is a fixed machine with no moving parts. *(False – Its needle and wheel move)*

Question 10 • Fill in the Blanks!

Word Bank: fixed • moving • power • parts • movable

1. Fixed machines remain in the same **place**.
2. Moving machines are **movable** — they change their place.
3. A fan is fixed, but its **parts** move.
4. A machine does its tasks using **power**.
5. A train is an example of a **moving** machine.

Question 11 • Sort the Machines!

Word Bank: Television • Train • Fan • Rocket • Mixer • Desktop Computer

Fixed Machines	Moving Machines	Fixed with Moving Parts
• **Television** • **Desktop Computer**	• **Train** • **Rocket**	• **Fan** • **Mixer**
