Singapore School Kinderland

Primary 2 • Information Technology (IT) • Term 2

Comprehensive Practice Worksheet & Study Guide [TEACHER ANSWER KEY]

Student Name: TEACHER COPY **Date:** _____

Class: Primary 2 **Chapters Covered: Ch 2B, Ch 3, Ch 4**

Section A: Fill in the Blanks using the Word Bank

Word Bank: [Start • Stop • Desktop • Icons • Taskbar • Algorithm • Notepad • GUI • Spacebar • Right]

1. An _____ is a step-by-step method of doing a work. **(Algorithm)**
2. The starting screen that appears when the computer is switched on is called the _____. **(Desktop)**
3. Small images present on the desktop that connect us to programs are called _____. **(Icons)**
4. The bar found at the bottom of the computer screen is called the _____. **(Taskbar)**
5. A simple text editing program used to practice typing is called _____. **(Notepad)**
6. Every algorithm must begin with Step 1: _____ and finish with Step: _____. **(Start, Stop)**
7. _____ stands for Graphic User Interface. **(GUI)**
8. While typing on the Home Row, our thumbs stay on the _____. **(Spacebar)**
9. The shortcut menu appears when you _____-click on any item. **(Right)**

Section B: Write [T] for True or [F] for False

No.	Statement	Answer
1.	We can work on a computer without an Operating System.	**[F] (False)**
2.	The Start button and the speaker volume control are located on the Taskbar.	**[T] (True)**
3.	In Home Row typing, the left-hand fingers rest on keys A, S, D, and F.	**[T] (True)**
4.	In an algorithm, we can write the steps in any mixed random order.	**[F] (False)**
5.	We can change the desktop wallpaper (background) using the shortcut menu.	**[T] (True)**
6.	Planting a sapling, making a cake, and washing clothes are all examples of algorithms.	**[T] (True)**

Section C: Multiple Choice Questions (Circle the correct option)

1. Which keys are known as the Home Row keys for the RIGHT hand?

a) Q W E R **b) J K L ;** c) Z X C V

2. What is an Operating System?

a) A computer game **b) Software that helps user communicate with hardware** c) A mouse pad

3. Where is the Taskbar normally located on the Desktop screen?

a) At the bottom b) At the very top c) In the center

4. What appears when you right-click with your mouse on an empty space of the desktop?

a) Calculator b) MS Paint **c) Shortcut Menu (Context Menu)**

5. An algorithm is always written in:

a) Step-by-step order b) Backwards order c) No order

Section D: Number the Steps in Correct Algorithm Order (1 to 5)

Task: Planting a Sapling in Soil (Chapter 4, Page 50)

Step No.	Algorithm Action Description
Step 3	Put the sapling inside the hole.
Step 1	Start.
Step 5	Give water to the plant and Stop.
Step 2	Dig a hole in the soil.
Step 4	Fill it with soil.

Section E: Short Answer Questions

1. What is an Algorithm?

Answer: An algorithm is a step-by-step method of doing a work or solving a problem.

2. Name two items located on the Windows Taskbar:

Answer: (i) Start Button, (ii) Clock / Speaker Volume Controller (or Open program buttons).

3. Which fingers of the left hand are kept on keys A, S, D, and F?

Answer: Little finger on A, Ring finger on S, Middle finger on D, Index finger on F.
