SINGAPORE SCHOOL KINDERLAND

PRIMARY SECTION · IT DEPARTMENT · ACADEMIC YEAR 2026-2027

PRIMARY 3 · IT ACTIVITY WORKBOOK (16 PAGES)

Student Name: _____

Grade & Section: Primary 3 (_____) Roll Number: _____

Academic Year: 2026 – 2027 Term: Term 2

Teacher Name: _____

CHAPTER 3 · LESSON 1: INTRODUCTION TO COMPUTER NETWORKS

Concept: A Computer Network consists of two or more computers connected together to share data, files, and hardware (like printers). The three main types based on geographical distance are LAN, MAN, and WAN.

Activity 1: Fill in the Blanks with Word Bank [LAN, Network, Printer, Cable]

1. When two or more computers are connected together, they form a _____.
2. A network that connects computers in a single room or school lab is a _____.
3. Network computers can share hardware resources like a central _____.
4. Computers can connect through wireless signals or physical network _____.

Activity 2: Network Types Matching

1. LAN -> (A) Spans across entire countries or the whole world
2. MAN -> (B) Covers a single building or school computer lab
3. WAN -> (C) Connects computers across an entire metropolitan city

CHAPTER 3 · LESSON 2: NETWORK DEVICES & WIRED VS WIRELESS

Concept: Computers connect through wired media (Ethernet cable, Fiber optics) or wireless media (Wi-Fi, Bluetooth). Devices like Routers and Switches direct network traffic.

Activity 1: True or False

1. Wi-Fi requires a physical wire plugged into every laptop. (True / False)
2. A Router directs internet signals to different devices in your home. (True / False)
3. Bluetooth is used for very long distances across different cities. (True / False)
4. Fiber optic cables transmit data using pulses of light at super fast speed. (True / False)

Activity 2: Short Answer

Q: Why do schools prefer using LAN in computer laboratories?

Write your reason below:

CHAPTER 3 · LESSON 3: THE INTERNET & THE WORLD WIDE WEB

Concept: The Internet is the global WAN connecting billions of computers. The World Wide Web (WWW) is a massive collection of digital web pages connected by hyperlinks.

Activity 1: Definitions & Terminology

1. WWW stands for: _____
2. The first opening page of any website is called the: _____
3. A collection of related web pages under one domain name is a: _____
4. Clicking on a highlighted blue link that jumps to another page is a: _____

Activity 2: Internet vs WWW (Tick the correct concept)

1. Physical network of cables, servers, and computers -> [ ] WWW [ ] Internet
2. System of multimedia pages viewed via browsers -> [ ] WWW [ ] Internet

CHAPTER 3 · LESSON 4: WEB BROWSERS VS SEARCH ENGINES

Concept: A Web Browser is an application software used to access and display websites (Chrome, Edge, Safari). A Search Engine is an online tool used to search for information on the web (Google, Bing).

Activity 1: Classify Browser vs Search Engine

Items: Google Chrome, Google Search, Microsoft Edge, Bing, Mozilla Firefox, Yahoo Search

• Web Browsers: _____

• Search Engines: _____

Activity 2: Dissecting a URL (Web Address)

Example URL: https://www.kinderland.edu.bd

1. https:// is the: _____

2. www stands for: _____

3. kinderland.edu.bd is the: _____

CHAPTER 3 · LESSON 5: SAFE NETIQUETTE & CYBER SAFETY

Concept: Netiquette refers to courteous and safe etiquette rules when using the internet. Never share personal passwords, real address, or phone numbers online.

Activity 1: Do's and Don'ts of Internet Surfing

1. Sharing your account password with strangers online: [Do / Don't]
2. Using polite, respectful words in emails and video chats: [Do / Don't]
3. Clicking on unknown popup ads promising free prizes: [Do / Don't]
4. Asking a parent or teacher before downloading files: [Do / Don't]
5. Typing in ALL CAPITAL LETTERS when messaging (SHOUTING): [Do / Don't]

Activity 2: Cyber Safety Scenario

Scenario: While researching online, a popup says 'You won 1000 dollars! Click here!'.

What should a smart Primary 3 student do? Write 2 sentences.

CHAPTER 4 · LESSON 1: INTRODUCTION TO E-COMMERCE

Concept: E-Commerce (Electronic Commerce) means buying and selling products, goods, and services over the Internet using digital devices.

Activity 1: Traditional Shopping vs E-Commerce

1. Shopping hours are 24 hours a day, 7 days a week: [Traditional / E-Commerce]
2. You can physically touch and try on the clothes before paying: [Traditional / E-Commerce]
3. Items are delivered straight to your home doorstep: [Traditional / E-Commerce]
4. Requires traveling to the market or shopping mall: [Traditional / E-Commerce]

Activity 2: Word Search & Meaning

Define 'Digital Shopping Cart' in your own words:

_____

CHAPTER 4 · LESSON 2: E-COMMERCE BUSINESS MODELS

Concept: E-commerce operates under three primary business models: B2C (Business-to-Consumer), B2B (Business-to-Business), and C2C (Consumer-to-Consumer).

Activity 1: Match Model to Description

1. B2C (Business to Consumer) -> (A) An individual sells an old bicycle to another person (e.g. Bikroy)
2. B2B (Business to Business) -> (B) An online store sells books to a student (e.g. Amazon, Rokomari)
3. C2C (Consumer to Consumer) -> (C) A chip manufacturer sells 10,000 microchips to a laptop maker

Activity 2: Categorize Real-World Websites

Identify the model: Daraz, Chaldal, Amazon selling directly to families:

Model: _____

CHAPTER 4 · LESSON 3: ONLINE PAYMENTS & FRAUD SAFETY

Concept: Online transactions use payment methods like Credit/Debit Cards, Mobile Financial Services (bKash, Nagad), and Cash on Delivery (COD). Security requires OTP and secure SSL connections.

Activity 1: Fill in the Payment Modes

1. COD stands for: _____
2. OTP stands for: _____
3. A secure website address starts with https:// where 's' stands for: _____
4. Paying money with paper currency only when goods arrive is: _____

Activity 2: Safety Rule Check

True or False: You should share your confidential bank OTP with anyone who calls you claiming to be a customer care agent.

Answer: _____

CHAPTER 4 · LESSON 4: BENEFITS & RISKS OF ONLINE SHOPPING

Concept: Benefits include huge variety, price comparison, and time saving. Risks include delivery delays, fake products, and damaged goods.

Activity 1: Sort Benefits and Risks

Items: Saves travel time, Risk of damaged item, 24/7 shopping, Cannot test quality physically, Price comparison

• Advantages: _____

• Disadvantages: _____

Activity 2: Critical Thinking Question

Why is 'Cash on Delivery' (COD) the safest payment method for first-time shoppers?

Write your answer: _____

CHAPTER 5A · LESSON 1: MS WORD INTERFACE & RIBBON

Concept: Microsoft Word is a word processor software. The window consists of Title Bar, Quick Access Toolbar, Ribbon (Tabs & Groups), Text Working Area, and Status Bar.

Activity 1: Name the Parts of MS Word Window

1. Displays document name and minimize/maximize buttons at the very top: _____
2. Contains tabs like Home, Insert, Layout with grouped command buttons: _____
3. Small toolbar with Save, Undo, and Redo quick shortcut icons: _____
4. Bottom bar displaying total page count, word count, and zoom slider: _____

Activity 2: Home Tab Groups

List 3 command groups found inside the 'Home' tab:

1. _____ 2. _____ 3. _____

CHAPTER 5A · LESSON 2: EDITING TEXT — CUT, COPY & PASTE

Concept: Editing means making changes to typed text. The Clipboard is temporary memory storing cut or copied text until pasted.

Activity 1: Match the Editing Command to Function

1. Cut (Ctrl + X) -> (A) Places a duplicate copy on Clipboard while keeping original
2. Copy (Ctrl + C) -> (B) Inserts clipboard text into the current cursor position
3. Paste (Ctrl + V) -> (C) Removes selected text from original spot and saves to Clipboard

Activity 2: Keyboard Shortcut Speed Test

1. Cut shortcut: Ctrl + _____ 2. Copy shortcut: Ctrl + _____
3. Paste shortcut: Ctrl + _____ 4. Undo shortcut: Ctrl + _____

CHAPTER 5A · LESSON 3: FONT FORMATTING & TEXT STYLES

Concept: Font formatting changes text appearance. Options include Font Name (Calibri, Arial), Font Size (pt), Font Color, Bold (B), Italic (I), and Underline (U).

Activity 1: Identify the Style Effect

1. Makes text appear darker and heavier: [Bold / Italic / Underline]
2. Slants the letters gently to the right: [Bold / Italic / Underline]
3. Draws a straight line directly under the text: [Bold / Italic / Underline]
4. Standard font size for classroom essays: [8 pt / 12 pt / 72 pt]

Activity 2: Shortcut Mastery

Write shortcuts for: Bold: Ctrl + ___, Italic: Ctrl + ___, Underline: Ctrl + ___

CHAPTER 5A · LESSON 4: PARAGRAPH ALIGNMENT & LISTS

Concept: Alignment refers to how text lines up between left and right margins. Four alignments: Align Left, Center, Align Right, and Justify. Bullets and Numbering create ordered lists.

Activity 1: Matching Alignment Types

1. Left Align (Ctrl+L) -> (A) Evenly lines up text on both left and right margins
2. Center Align (Ctrl+E) -> (B) Default alignment, starts text from left border
3. Right Align (Ctrl+R) -> (C) Used for main headings, poetry, and title lines
4. Justify (Ctrl+J) -> (D) Lines up text against right margin (dates, signatures)

Activity 2: Bullets vs Numbering

When should you use 'Numbering' instead of 'Bullets'?

Answer: _____

CHAPTER 5A · LESSON 5: FIND, REPLACE & ERROR CORRECTION

Concept: The Find tool (Ctrl + F) locates specific words quickly. Replace (Ctrl + H) swaps them with another word throughout the document. Undo (Ctrl + Z) cancels mistakes.

Activity 1: Scenario Solving

Scenario: You wrote an 8-page story with the character name 'Tommy', but you want to change it to 'Jimmy' everywhere in 5 seconds.

Which tool will you use? _____

Shortcut to open this tool: Ctrl + _____

Activity 2: Undo vs Redo

1. Cancels your last mistake: [Undo / Redo] -> Shortcut: Ctrl + _____

2. Reverses the undo action: [Undo / Redo] -> Shortcut: Ctrl + _____

TERM 2 COMPREHENSIVE REVIEW & CROSSWORD PUZZLE

Concept: Comprehensive Term 2 IT Revision covering Chapter 3 (Networks & Internet), Chapter 4 (E-Commerce), and Chapter 5A (MS Word Formatting).

Activity 1: Term Clues Crossword / Rapid Quiz

1. Network covering a single school laboratory (3 letters): _____
2. Shortcut to copy selected text (4 letters): _____
3. Electronic Commerce buying/selling online (9 letters): _____
4. Software used to view web pages like Chrome (7 letters): _____
5. Password sent to phone valid for only one transaction (3 letters): _____

Activity 2: Full Forms Mastery

1. LAN: _____
2. WAN: _____
3. URL: _____
4. COD: _____

MASTER CERTIFICATION CHALLENGE & LAB PRACTICAL

Concept: Final Practical Assessment for Term 2. Hands-on computer lab test evaluating typing, MS Word formatting, and online safety knowledge.

Lab Practical Tasks (Teacher Observation & Grading)

[ ] Task 1: Open MS Word and type a 4-sentence paragraph about 'My Computer Lab'.

[ ] Task 2: Change heading to Font: Arial, Size: 18pt, Bold, Center Aligned, Blue Color.

[ ] Task 3: Apply bullet points to 3 computer rules.

[ ] Task 4: Use Cut and Paste to rearrange sentence 2 to the end.

[ ] Task 5: Save document as 'P3_Term2_Exam_YourName.docx' in My Documents folder.

Teacher's Evaluation & Signature

Student Lab Score: _____ / 25 Marks Grade: [A* / A / B / C]

Teacher Remarks: _____

Teacher Signature & Date: _____
