CHAPTER 3 · LESSON 3: THE TASKBAR & SPEAKER VOLUME (Pages 38–39)

■ **One-Line Topic Concept:** The Taskbar sits at the bottom of the desktop, holding the Start button, open program buttons, and the volume slider to easily make sound high or low!

TASKBAR NOTIFICATION AREA: VOLUME CONTROLLER

Step-by-Step Sound Control Guide:

1. Locate the **Speaker icon [■]** on the taskbar (near the clock).
2. Click the speaker icon to open the popup volume slider bar.
3. Drag the slider **UP [■]** ➔ Volume increases (LOUDER / HIGH).
4. Drag the slider **DOWN [■]** ➔ Volume decreases (SOFTER / LOW).
5. Clicking the speaker icon can also **Mute** all computer sounds instantly!

[■ UP]
LOUDER

Activity 1 · High or Low? Fill in the Sound Blanks:

Word Bank: UP • DOWN • Taskbar • Speaker • mute

1. The volume icon looks like a small **Speaker** on the taskbar.
2. To make the volume loud and high, drag the controller slider **UP**.
3. To make the volume soft and low, drag the controller slider **DOWN**.
4. The volume controller is always present on the **Taskbar**.
5. Clicking the speaker button can temporarily **mute** all computer audio.

Activity 2 · Write [T] for True or [F] for False:

[**T**] 1. The taskbar contains the Start button and the clock. ➔ *T (True)*
[**F**] 2. Dragging the volume controller down makes the sound louder. ➔ *F (False — It makes sound lower)*
[**F**] 3. The taskbar can be found floating in the middle of icons. ➔ *F (False — It is at the bottom)*
[**T**] 4. We can see buttons of all currently open programs on the taskbar. ➔ *T (True)*
[**T**] 5. You can mute the sound without turning off the computer. ➔ *T (True)*

Activity 3 · Three Main Sections of the Taskbar:

Section of Taskbar	What it Contains	Answer Bracket
1. Left End	a) Clock, speaker volume, and network icons	**1 ➔ c (Start Button)**
2. Middle Section	b) Icons of open apps and pinned quick shortcuts	**2 ➔ b (Open apps)**
3. Right End (Notification)	c) The Windows Start Button [■]	**3 ➔ a (Clock & sound)**

Activity 4 · Classroom Audio Scenarios (Spacious Writing Lines):

1. Your teacher asks everyone to soften the computer sound. What will you do?
➔ ***I will click the speaker icon and drag the volume slider DOWN to make it softer.***

2. What happens if you click the Mute button on the taskbar?
➔ ***All computer audio and sounds will be silenced immediately.***
