CHAPTER 4 · LESSON 4: STUDENT ALGORITHM ARCHITECT & CERTIFICATE (Pages 49–50)

■ **One-Line Topic Concept:** Every student is a Junior Algorithm Architect who organizes daily routines step by step to achieve outstanding success!

Activity 1 · Routine Algorithm 1: 'Brushing My Teeth' (Order 1 to 4):

[ ] Brush teeth gently in circles for 2 minutes.
[ ] Put toothpaste on toothbrush. [START]
[ ] Smile with sparkly clean white teeth! [STOP]
[ ] Rinse mouth and brush with clean water.

Activity 2 · Routine Algorithm 2: 'Packing My School Bag' (Order 1 to 4):

[ ] Check the school class timetable for tomorrow. [START]
[ ] Zip up school bag and place water bottle in pocket. [STOP]
[ ] Put subject textbooks and notebooks into the bag neatly.
[ ] Pack pencil case with sharpened pencils and eraser.

Activity 3 · Routine Algorithm 3: 'Getting Ready for School' (Order 1 to 4):

[ ] Wake up when the morning alarm rings. [START]
[ ] Board the school bus safely with a happy smile! [STOP]
[ ] Take a bath and wear the clean school uniform.
[ ] Eat healthy breakfast and drink warm milk.

Activity 4 · Junior Algorithm Architect Reflection (Spacious Lines):

Why do daily routine algorithms help students become organized and successful?

Line 1: _____

Line 2: _____

Activity 5 · Routine Algorithm 4: 'Bedtime Good Night Routine' (Order 1 to 4):

[ ] Change into comfy pajamas and wash face. [START]
[ ] Close eyes, relax, and fall asleep with sweet dreams! [STOP]
[ ] Read an interesting storybook with mom and dad.
[ ] Switch off the bedroom lights and get into warm bed.

■ OFFICIAL CERTIFICATE OF ACHIEVEMENT ■

SINGAPORE SCHOOL KINDERLAND • PRIMARY 2 IT DEPARTMENT

This certifies that Primary 2 Student:

_____

has successfully completed all **16 pages** of the **Term 2 IT Activity Workbook**, mastering **Keyboarding in Notepad**, **Windows Operating System**, and **Algorithm Logic**!

■■■■■ JUNIOR IT MASTER GRADUATE ■■■■■

Subject Teacher Signature: _____ **Head of Department:** _____ **Date:** _____
